Montes de Malaga Real Estate

Property Reference 312

Beautifully located villa with
character and fabulous seaviews

A well built villa with character and definitely beautifully located, with excellent possibilities to generate a rental income, with fabulous views, great access and not isolated. That sure sounds like a real paradise...

Which it is. A house with many possibilities, also to rent out. The property has two compact kitchens and two large living rooms. Apart from the two bathrooms, there are two separate toilets as well. That makes it very suitable to rent out one half of this villa, while you lead a good and tranquil life in the other half. This would also be a great home for you if you have a large family, or if you like to accommodate your friends.

The extra long swimming pool allows you to perfect on your crawl. The plot measures 4,000 square metres and extends all around the house. A few little paths and stone steps would work wonders. The views from here are absolutely fabulous, all the way down to the Mediterranean. And this property disposes of a garage.

The village of Colmenar is just a few kilometres away, so all facilities are really closeby. The surroundings of Colmenar are beautiful, rugged, Andalusian, and after purchasing this property you will never lose that feeling of being on holiday. The city of Malaga with its surprising centre is just a 22 minutes drive away, the airport or a quiet beach some 25 minutes.

Beautifully located villa with character and fabulous seaviews
